

ratio analysis and equity valuation: from research to practice - ratio analysis and equity valuation 111 our focus on the residual income valuation model is not to suggest that this model is the only model, or even the best model, to value equities. **equity - research affiliates** - 2 | equity time horizon one of the major considerations when embarking on the journey to generate asset class return expectations is the consideration of time horizon. because the focus here is on generating capital market expectations for strategic asset allocation, and not tactical overlays, a significantly long time horizon of 10 years was selected. **valuation services by valuation group spa merchant bankers ...** -
